

Covenant Enforcement Committee

We as a committee propose that we function as an enforcement entity as opposed to a policing entity, as is written in our policies.

Any violations reported to us are acted upon through a defined channel. Namely a complaint is documented through our BVM website. BVM is in the process of streamlining that process. Those violations will be investigated and acted upon as written in our policies.

A complaint can be initiated by any homeowner but does need to be documented. The committee will investigate and act accordingly.

A monthly report will be presented at board meetings. Any significant punitive actions will need board approval.

We as a committee are in the process of reviewing any previous violations. We will act on these violations on an individual basis which will be presented at our next board meeting.
